## REQUEST FOR BIDS

### ONE (1) COMPLETE LOW PRESSURE AIR TESTING TRAILER

The following are the Specifications for the Purchase of one (1) Complete Low Pressure Air Testing Trailer. The Trailer must be manufactured for the sole purpose of the low pressure air testing of sewer pipe and shall include the following:

#### SPECIFICATIONS:

1. CONTROL PANEL - Equipped with controls and gauges to monitor and regulate all air testing pressures. The gauge shall have a range of from 0 to 10 PSI with a minimum division of 0.10 PSI and shall have an accuracy of +/- 0.04 PSI.
2. AIR COMPRESSOR - Rated at minimum of 11 CFM powered by a 5 HP gasoline engine mounted on a 20 gallon tank.
3. HOSE REEL - Equipped with manual rewind, air motor assisted supplied with 500 feet of triple hose with imbedded aircraft cable for strength.
4. WINCH - Containing 500 feet of steel aircraft cable and mechanical measure meter which has a manual hand crank.
5. MANHOLE JACKS - Two manhole Jacks which shall be used to guide the triple hose and cable into the sewer pipe being tested.
6. PORTABLE AIR TANK - Equipped with a pressure regulator, gauge, and 15 foot air hose.
7. SINGLE HOSE - 22 feet long with imbedded cable to connect air-test plugs.
8. TWO - FIFTY FOOT INFLATION HOSES - to be used to provide faster inflation and exhaust of test air.
9. TOOL KIT - which contains necessary tools and small replacement parts for minor adjustments and repairs.
10. AIR-TEST PLUGS - to be used to seal sections of sewer line that are to be pressurized and tested for 8", 10", 12", 15", 18", 21", and 24" diameter sewer pipe.

Aaron M. Gluck  
Department of Purchases  
Room 940  
One Main Street  
Ft. Wayne, Indiana 46802

Dear Sir:

Thank you for the opportunity to submit a bid on your specifications for one (1) complete Low Pressure Air Testing Trailer. We are pleased to submit our bid on one (1) Cherne Model Number 253-006 Enclosed Air-Loc Trailer complete.

For your convenience, we have enclosed descriptive literature and specifications showing all components of this unit and detailed description of each. Please notice how this equipment is designed for operator convenience and safety while being totally enclosed and locked to prevent pilferage and tampering by unauthorized personnel. All components are rugged, durable, and have stood the test of time.

For best results and durability, Cherne utilizes a large face 0-15 psi air testing gauge with 0.10 psi increments. The large dial face makes it much easier for the operator/inspector to see while utilizing protection for the range of use on the gauge.

We exceed your specification in the following areas:

1. 11.9 CFM compressor.
2. 40' Air hose and lift line for use with portable tank.
3. 1000' Of threading line and reel.
4. Walkie-Talkie communications set.
5. Leak location charts.
6. Manhole cover hook.

Our bid includes two (2) each of all pipe plug sizes requested.

The equipment we are offering is, in every sense of the word, complete and ready to put on the job.

Page 2 of 2.

We are offering this equipment for \$13,396.00 F.O.B. Ft. Wayne, Indiana. Delivery is one (1) week after receipt of order. Terms are Net 10 Days.

Thank you again for the opportunity to bid on this equipment. We look forward to your favorable acceptance of our bid.

Sincerely,

Municipal & Contractor Supply, Inc.

Robert S. Hunn  
President
